MONTANA PREVAILING WAGE REQUIREMENTS

The Commissioner of the Montana Department of Labor and Industry, in accordance with Sections 18-2-401 and 18-2-402 Montana Code Annotated, has determined the standard prevailing rate of wages for the occupations listed in this publication. The wages herein specified are controlling as to the prevailing rate of wages for the purposes of 18-2-401, et seq., Montana Code Annotated. It is incumbent upon each employer to pay, as a minimum, the rate of wages including fringe benefits for health and welfare, pension contributions, vacation, training, travel allowance and per diem, applicable to the locality in which the work is being performed, provided in the attached wage determinations.

Apprentices

Wage rates for apprentices registered in approved federal or state apprenticeship programs are contained in those programs. However, apprentices not registered in approved federal or state apprenticeship programs will be paid the prevailing wage rate.

Fringe Benefits

Section 18-2-405 of the wage and hour laws states that..."whenever the employer is not signatory to a collective bargaining agreement, those monies designated as fringe benefits shall be paid to the employee as wages." For building construction the vacation benefit amount is included in the prevailing wage rate. The vacation amount is listed under benefits for informational purposes only. Vacation can be deducted from the wage rate, after taxes, provided the employer is signatory to a collectively bargained agreement which contains a vacation fund and the benefit is then paid into the fund. If an employer is not signatory to a collectively bargained agreement, the employer must pay the full prevailing wage amount with no deduction for vacation. Vacation benefits are not to be considered a part of the hourly rate of pay for overtime purposes. The other fringe benefits (health and welfare, pension, apprenticeship training, travel and per diem) are to be paid in addition to the prevailing wage rates.

Posting Notice of Prevailing Wages

Section 18-2-406, Montana Code Annotated, provides that contractors, subcontractors and employers who are performing work or providing services under public works contracts as provided in this part shall post in a prominent and accessible site on the project or work area, not later than the first day of work, a legible statement of all wages to be paid to the employees on such site or work area.

Employment Preference

Section 18-2-403, Montana Code Annotated requires contractors to give preference to the employment of bona fide Montana residents

in the performance of work on public works projects.

Prevailing Wage Schedule

Employers are surveyed biennially to determine prevailing wage rates. This publication covers only building construction. Service industries will be surveyed in alternate years and the current rates for these occupations will remain in effect until then. The prevailing rates publication dated December 1, 1988 should be consulted to determine rates for service occupations until such time it is superseded by a more current publication.

Computing Travel Benefits

Travel pay, for the purposes of building construction public works projects, shall be determined by measuring the road miles over the shortest practical maintained route from the county courthouse of the following cities or the employee's home, whichever is closer, to the center of the job. Each city shall be considered the point of origin only for jobs within that district (as shown below):

District 1 - Kalispell	District 6 - Bozeman
District 2 - Missoula	District 7 - Lewistown
District 3 - Butte	District 8 - Billings
District 4 - Great Falls	District 9 - Glasgow
District 5 - Helena	District 10 - Miles City

Heavy-Highway Definition and Rates

"Heavy-Highway" rates are those rates that pertain to projects involved in construction fields other than building and residential. Federal Davis-Bacon wage rates as published in U.S. Department of Labor General Wage Decision No. MT90-1 have been adopted by the Montana Department of Labor and Industry for use in Heavy-Highway construction projects. These rates apply statewide. Information on these rates may be obtained by contacting the U.S. Department of Labor, Wage and Hour Division, 1408 Federal Office Building, 1961 Stout Street, Denver, CO 80294, Telephone: (303) 844-5302.

Building Definition

"Building" rates, contained in this publication, are those prevailing for the state by district. They are categorized according to the major occupation with a finer breakdown of occupational categories within.

Prevailing Wage Districts

Montana counties are aggregated into ten districts for the purpose of prevailing wage. Following the description is a map showing these districts.

District 1 - Flathead, Lake, Lincoln, Sanders
District 2 - Mineral, Missoula, Ravalli

District 3 - Beaverhead, Deer Lodge, Granite, Madison,
Powell, Silver Bow
District 4 - Blaine, Cascade, Choteau, Glacier, Hill,
Liberty, Pondera, Teton, Toole
District 5 - Broadwater, Jefferson, Lewis and Clark, Meagher
District 6 - Gallatin, Park, Sweetgrass
District 7 - Fergus, Golden Valley, Judith Basin,
Musselshell, Petroleum, Wheatland
District 8 - Big Horn, Carbon, Rosebud, Stillwater, Treasure,
Yellowstone
District 9 - Daniels, Garfield, McCone, Phillips, Richland,
Roosevelt, Sheridan, Valley
District 10 - Carter, Custer, Dawson, Fallon, Prairie, Powder
River, Wibaux

Assistance

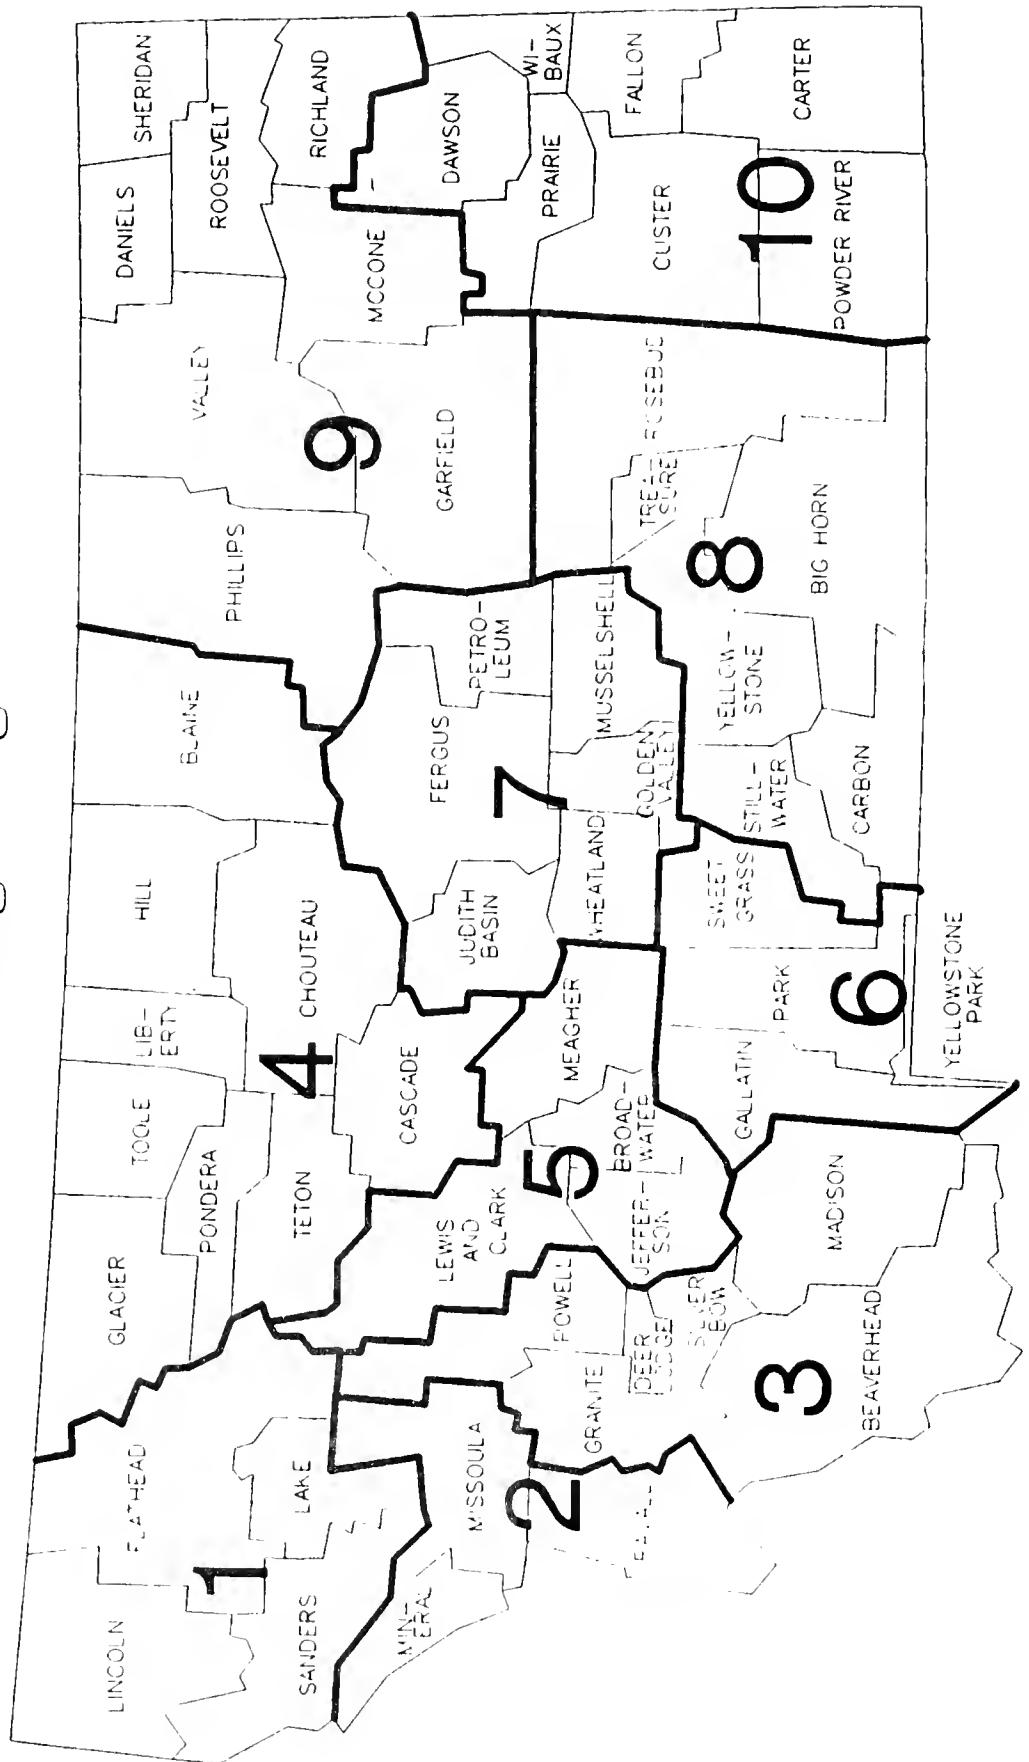

Inquiries about the Montana prevailing wage law or rates should be directed to the Department of Labor and Industry, Employment Relations Division, P.O. Box 1728, Helena, Montana, 59624, (406) 444-5600.
